I had resisted the temptation for nearly three months, but my perverted mind eventually got the better of me. Going to the website, I typed in the default username and password for the camera system I installed in my step-sister's house. I told her when I put them in that she needed to change them, but as usual my recommendation went in one ear and out the other as the originals still worked. I probably should have felt bad, but she had given me so much shit over the years for the things I've done that I suddenly wanted to catch her in the act if only to have something I could use against her.

The back yard cams showed the privacy fence, mowed lawn, a few trees and the deck, but no Heidi. The same went for the kitchen, living room, all three bedrooms and her office. But when I clicked the bathroom set of cameras, I was rewarded with five different views of her stunningly gorgeous and very naked body as she was just stepping into the shower. This was the first time I had ever seen her fully nude and she did not disappoint. Tall. Busty. Slender waist with hips made for holding and an ass that made my cock twitch to life every time I saw it. She was a vision of perfection.

Looking down at her from above as the water cascade down her body, my eyes nearly popped out of my head when she reached back and popped a long, thin plug from her ass with a soft moan. Sitting it in the edge of the tub, she proceeded to wash her hair and body. At first I thought she was just taking her time and being incredibly thorough, but soon realized she was playing with her full breasts and shaved vulva – finger and thumb of her left hand pinching her nipples while two fingers of the right pushed in and out of her pussy.

I probably should have felt ashamed of watching, but as she constantly liked to remind me, I was a pervert, so I had no issues with taking my dick out and jerking off to her. I was really stroking the pole when she stopped and grabbed the plug. Using some anti-bacterial soap, she lathered it up and I sighed figuring the show was over, but after rinsing it off, she parted her full lips and slowly sucked the toy into her mouth.

Placing her left foot on the edge of the tub and bracing herself with her right hand on the wall, she pushed the plug back into her ass and then dropped to her knees. Lowering her head, she reached back and furiously rubbed her clit for several seconds before tugging her inner labia and thrusting three fingers in as deep as they would go. My hand started pumping up and down and I shot my load about a minute before she gushed and writhed in orgasm.

Whether on purpose, or due to the wet tub, she slid around and flipped onto her back. That's when I saw she had four fingers in her pussy to the knuckles. Unfortunately, she pulled them out, got up and finished her shower as if nothing had happened. As for me? I sat there staring at the screen with semen running down my fingers until she was dried off and completely dressed. It was a hell of a way to start off my day, but nothing I could use against her. Saving a copy of the recording to my computer, I went to the bathroom and cleaned up.

When I got back to my laptop, my step-sister was gone. I was about to log out and get on with my day, but then saw I was not the only one saving videos. Clicking on a folder named WORK I was given the choice of three folders: EDITED VIDEOS, RAW VIDEOS and PHOTO SETS. Opening the photo folder, I was once again given multiple choices – this time a hundred-sixty-seven with names corresponding to dates. Double clicking the first one which was two days after the cameras were installed, I scrolled through several hundred pictures of my step-sister posing in lingerie, fingering herself and towards the end having sex with a man I did not recognize.

Thousands of pictures, four-dozen video clips and two more spent loads later and I had seen a side to my step-sister that she kept well-hidden from her family and friends. Starting with an impressive collection of toys from dildos and plugs to anal beads, clamps and at least one electrostimulation machine the only things she was missing were the fun stuff such as canes, rope and cuffs. And that was just the tip of a very big iceberg. She liked her toys, but what she apparently loved even more was the real thing. Every other video co-starred a different man, some had two or more and while that might have been enough to cause trouble for her, I wanted more.

Patience is said to be a virtue and after hours of sifting through pictures and videos I finally hit the motherload. Starting a clip, I watched as Heidi entered the house with seven black men. "OH SHIT!" I exclaimed as I watched thing quickly heating up. Kissing and groping turned to my step-sister on her kneed with one big black cock in her mouth and another in each hand. If I was not already drained I would have jerked off again. Leaning back in my chair, I watched as she sucked and jerked the seven men until they were all hard. She then straddled on of the men and sank down on his dick. When another tried taking her up the ass she immediately made him stop and warned she would boot them all out if any tried again.

Having everything I needed to put a lifelong dream into action, I closed the gang bang video and then started the long process of downloading everything on the off chance she decided to delete them.

Keeping an eye on the live cams throughout the day, they remained mostly boring until about seven when she took another shower. Unfortunately, this time she took the plug out and left it out and did not damn near fist herself to orgasm as she did this morning. Putting her hair up, she wore on a form-fitting black dress with plunging neckline and open back and a pair of four inch heels. Following her through the house to the living room, I watched her open the front door and welcome a familiar group of black men in.

"Tonight's your lucky night gentlemen," Heidi grinned. "I've been practicing the past couple of months and I'm ready to let you all take my ass. My pussy is completely off limits tonight because I haven't been able to refill my birth control and I don't want knocked up. If even one of you fucks their dick into my pussy this will be the last time you'll ever step foot in my house. Got it?"

The men agreed and the clothes came off. Heidi got onto her knees and sucked one of the men off for maybe two or three minutes and then got up and ran out of the room leaving them standing there looking confused. Following her with the cameras, I watched as she went to her bedroom, opened the closed door and pulled out the large tote containing her collection of sex toys. Grabbing a bottle of lube, she started to push the tote back into the closet and then stopped. Removing the lid, she grabbed a fairly thick plug and ran back to the living room.

"Sorry guys, forgot the lube," she said. "Before we get started I'm putting this in my pussy," she continued, holding up the plug.

"Um, I thought we were fucking your ass tonight?" one of the guys asked.

"You are. This is going in my pussy," my step-sister grinned. "If it comes out for any reason the gang bang ends." Sitting the bottle of lube on the coffee table, she slid the butt plug along her slit and then pushed until it was firmly in place. "Alright, where were we?" she asked, getting on her knees and opening her mouth. It was quickly filled with big black cock and she looked like she was in seventh heaven as she took it down her throat.

My hand moving up and down my cock, I jumped when the door opened behind me. Spinning around, I breathed a sigh of relief when it was only my girlfriend Brianna. "Hey babe, I didn't hear you come in."

"Sorry Master, I didn't mean to startle you. What are you watching?"

"A wet dream come true. Come in and see for yourself."

"Thank you Master." Walking into the office, she stared at the screen. "Oh my god! Is that Heidi?"

"Sure is. And those seven men have been regularly gang banging her for at least a couple of months."

"Does this mean you're going to enslave her now Master?"

"That's the plan. Having second thoughts?"

"Absolutely not Master. I love your step-sister and have wanted her since the day you introduced us."

"Glad to hear it. Get under the desk. You can suck me off while I watch her take it up the ass."

"Yes Master."
